

On a date with destiny, do the right shoes matter?

The Souls of Her Feet

by Kristen Caven

"The Souls of Her Feet was a joy to read. I felt young again, and excited about love after reading." —Tristan Cunningham, actor

"I loved the psychological nuances. Clearly she knows about stepfamilies." —Ani Liggett, therapist & author

When she gets a call from Harry, her long-lost godfather, orphaned Ashley St. Helens starts finding new ways to cope with her micro-managing step-monster and fashion-fetishist step-sisters. She is glad to have an adult on her side, and he even encourages her to go to prom! Ashley's oversized feet are the unsurmountable obstacle, or so it seems, until Harry shows up dressed as Carrie, her "fairy" godmother, with a suitcase full of shoes!

During Ashley's drag-queen makeover she realizes the Universe has deemed her the real-life Cinderella. But will her soulful transformation translate into the life she wants to have? Will she be able to escape to college, or will she have to give up on that dream?

Kristen Caven paints a witty picture of dysfunctional family healing to spark conversations about responsibility and empathy, spirit and materialism, dirty dishes and stinky laundry, morality, queerness, and life choices. A must-read for anyone who loves a Cinderella twist, vintage footwear, romance and heartfelt snark.

This updated fourth edition includes bonus materials such as essays by the main characters and songs from the musical.

Kristen (Baumgardner) Caven is an award-winning feminist writer, cartoonist, and dance instigator living in Oakland, California. More about her works of humor, drama, and gravity on topics of parenting, flourishing, human rights are at www.kristencaven.com
